1. Official forewords

Dear Volleyball friends,

The next generation of Volleyball stars is growing quickly as we could witness through the latest age-group competitions organised in Europe in 2020 and 2021 even amidst the challenging times we have been navigating following the outbreak of the global health crisis.

This year is especially packed with exciting competitions for our youngsters, with as many as six age-group European Championships, an all-time record, including the inaugural tournaments for U21 women and U22 men.

There are large ranks of youngsters eager to compete internationally, in some cases maybe for the very first time, and National Federations are looking forward to reaping the fruits of the development programmes that they have been running to grow their next generation of talented Volleyballers.

I wish the very best of luck and much success to all teams involved in the final stage of the U17 women's and U18 men's competitions due to take place this summer in the Czech Republic and Georgia, respectively. I am very confident that they are all working hard in order to be able to perform to the best of their ability.

Moreover, I wish to thank the organisers of these championships for their dedication and commitment – and for the courage that they are showing in providing our youngsters with an opportunity to play at the highest level even in still difficult circumstances. Let the talent of these young players blossom and their positive energy inspire many more to follow in their footsteps!

Sincerely yours,

Aleksandar BORIČIĆ
CEV President

Dear volleyball friends!

More and more time and energy is devoted to the development of youth in volleyball. This is evidenced by the fact that recently the number of ongoing tournaments in the youth category in our country is growing significantly from year to year. Georgian sportsmen successfully competed in this sport at the international level, which helped to increase the motivation of young people.

Global Pandemic had suspended sports activities for some period, and now the main goal of all Sports Federations should be to identify as many talented young sportsmen as possible, to show, develop and promote their capabilities.

This year, Georgia was honored to host the final of U18 Boys European Championship. I would like to wish success to all participating teams. I believe that they will show their full potential and I hope that their attitude will be contagious for future generations.

Yours sincerely

Giorgi KARTVELISHVILI,
President of the Georgian National Volleyball Federation
